Brewed to celebrate the holiday season, this winter warmer uses various aromatic specialty malts and has a prominent hop character from mild American Noble varieties.

2) Cask Noel

3) Highway to Helles (ABV 4.8% / IBU 18)

Our Helles Lager is a tribute to the North Cascades Highway that runs through Anacortes. Highly drinkable and well-balanced, this refreshing session beer is brewed in the traditional German style. A light grainy maltiness provided by Premium two-row & Vienna malts is supported by a restrained bitterness from Vanguard and Perle hops.

4) Hazy On You (ABV 5.6% / IBU 45)

Our hazy IPA delivers the grapefruit and orange character of Amarillo and Simcoe hops with a low level of bitterness for a juicy flavor and mouthfeel. Vienna and 2 row malts create a light malt profile that lets the hop shine shine while wheat and flaked oats bring on the haze. Let us go hazy, hazy on you!

5) Locomotive Breath Imperial Stout (ABV 8.5% / IBU 45)

Generous amounts of roasted barley, black & chocolate malts provide intense flavor, color & aroma. This beer is dark, robust & full of gusto!

Aslan Brewing Co-Bellingham

1) Winter Warmer (ABV 7.8%)

Every year we make this beer and every year we do it slightly different. It signifies the turning of the season, from fall to the onset of winter. Brewed to a higher strength to create a boozy, warming beer to help with the cold weather. It's brewed with a variety of color malts and a heavy dose of Munich, then dry hopped with Chinook. This strong, amber hued ale expresses well balanced hop character, rich malt, and a satisfyingly viscous mouthfeel.

Beer list as of 11/20/18

German Style Pilsner brewed in similar fashion to the northern German style pilsner, we named this beer Coastal Pils as a nod to Germany's coastal region where notable examples exist. Not to be confused with a Bavarian Pilsner, this style has a more pronounced zest and citrus-like bitterness. While not German, we prefer the flavor of Czech Saaz hops, which were used at a rate of 1 lb per barrel to create the distinct hoppy flavor. This lager is fully attenuated, hoppy with a refreshing mineral finish.

5) Ashes in the Fall (ABV 12.8%) (SAT Evening Session Only)

London Export Stout. The inspiration for this creation comes from the original imperial stouts exported from London. What we wanted was to emulate the barrel aging process that these beers went through on their oceanic voyages. After a fermentation in stainless steel was complete, the beer was racked into 2nd use rye whiskey and fresh red wine barrels. These casks were selected to give us a clean slate. Brettanomyces Claussenii was then added and the beer was laid to rest for 10 months. Brett C is known for being mild, as far as Brett goes. It was also the first strain of Brett to be isolated, uniquely enough, in ale from England. So its addition was very crucial in the historical interpretation of this beer. Its bone dry character reveals all of the beautiful flavors found in this beer. Black strap molasses, dried cherries, bitter chocolate, light oak, all cinched together by a steely minerality. It began its bottle conditioning with its native yeast on November 2nd of 2017. The aging potential on this beer is phenomenal.

Bale Breaker Brewing Company—Yakima

1) High Camp Winter IPA (ABV 7.3%)

Named for the ski lodge atop our local White Pass Ski Resort, High Camp takes Bale Breaker's signature hop-forward style to a darker side with the addition of chocolate malts. Dry-hopped with HBC 522 and Mosaic™, this IPA bursts with pine and grapefruit aroma. Perfect to celebrate the season, this 7.3% ABV fireside sipper is sure to warm from the inside out.

2) Dormancy Breakfast Stout (ABV 6.8% / IBU 50)

Initially brewed as a heavier, dark beer to get us through the cold weather months when the hops lay dormant. However, it is now the only dark beer to make its way into our year-round lineup. We call it a breakfast stout because we use certain grains—like flaked oats, victory malt, and chocolate malt—that mimic breakfast flavors. Also, we condition this beer for three days on locally roasted Lincoln Avenue Espresso Costa Rican Blend at 1 lb per barrel. There are negligible levels of caffeine in this beer—there are .11 cups of coffee/pint, or 10 Dormancys = 1 cup of coffee. Tasting Notes: Pronounced aroma and flavor intensity. Malt is dominant in both with roasted malt, coffee, and chocolate aromas and flavors. Secondary flavor and aromas may include dried fruits, toffee, molasses, raisin, vanilla, and smoke. Balanced sweetness and medium-full body with moderate bitterness. Some astringency permitted.

3) Jameson Barrel-Aged Ossifier Red Rye IPA (ABV 8.8% / IBU 55)

Proceeds from this beer will go to benefit the Washington State Fallen Police Officers Fund.

2) Hazeey Sunset IPA (ABV 7.2% / IBU 69)

Mouth watering hop derived citrus aroma, this is a juicy Hayzee IPA. The medium to late addition of the hops avoids much of but not all of the “bittering” effect of the alpha acids contained in the hops. Featuring Amarillo, Hallertauer and Mosaic Hops. As good on a cool night as it is on a summer day.

3) Peacable American Strong Porter (ABV 8% / IBU 36)
